

## Publications

*Biology Education for Social and Sustainable Development* (ISBN: 978-94-6091-925-1) was published in 2012 by Sense Publishers, Rotterdam, Netherlands (<http://www.sensepublishers.com/>). Some papers presented at the **23rd Biennial Conference of the AABE** which was held in Singapore in October 2010 were compiled in this book by Dr. Mijung Kim and Dr. C. H. Diong. You can refer to the abstracts of these papers in the **sixth volume of the *Asian Journal of Biology Education*** (2012).

*Biology Education and Research in a Changing Planet (2015)* (ISBN 978-981-287-523-5) was published by Springer (<http://www.springer.com/in/book/9789812875235>). Some papers presented at the **25th Biennial Conference of the AABE** which was held in Malaysia in October 2014 were compiled in this book by Dr. Esther Gnanamalar Sarojini A Daniel. The abstracts of these papers were included in the **eighth volume of the *Asian Journal of Biology Education*** (2015).

### From the Editor-in-Chief

The eleventh volume of the *Asian Journal of Biology Education* (AJBE) contains one research note, two reports on biological resources, two country reports, the conference report of the 27th Biennial Conference of the AABE (AABE27) which was held in Thailand in 2018 and abstracts of the papers presented at the AABE27.

Several articles contributed from the AABE members and others are in the reviewing process and some of them may be included in the next issue which will possibly be published by the end of 2020. The next issue will include the report of the next (28th) Biennial Conference of the AABE which will be held probably in Tianjin, China, in 2020 and the abstracts of the papers presented at the conference.

The manuscripts contributed to AJBE have been reviewed by the following persons as well as the Editorial Board members during last two years: Dr. Chi Chiu Cheang (The Education University of Hong Kong), Dr. Catherine Genevieve B. Lagunzad (Ateneo de Manila University, Philippines), Dr. Takeshi Katayama (Takasaki University of Health and Welfare, Japan), Emeritus Professor Hideo Kitano (Tokyo Gakugei University, Japan), Professor Kim Kyoungho (Gongju National University of Education, South Korea), Mrs. Teiko Nakamichi (Tokyo Institute of Biology Education, Japan), Dr. Danny Ng (The Chinese University of Hong Kong, China), Dr. Jason Orozco (Philippine Normal University, Philippines), Dr. Takayuki Sato (Hirosaki University, Japan), Dr. Robert Wallis (Federation University, Australia), and Dr. Shigeyoshi Watanabe (Kumamoto University, Japan). I am very thankful to them for their efforts to review the articles.

**Dr. Nobuyasu Katayama**
